Introduction

General Information

Please read the entire instruction manual before using the product and then save it for future reference. We reserve the right for any errors in text or images and any necessary changes made to technical data. If you have any questions concerning technical problems please contact our Customer Services on 0800 091 3171.

Commercial and Domestic use

Aluminium chain screens are commonly used in food outlets such as hotels, restaurants, butchers, bakers etc. Our chain link fly screens are also now very popular and decorative for use in and around the home. All our chain link fly screens are custom made from the highest quality materials. The durable top quality anodised chain is attractive and most important effective, guaranteed to stay strong, clean, shiny and never rust.

Instructions

Please read this instruction manual carefully before use and keep in a safe place for future reference. If you give the appliance to another person supply them with this instruction manual.

What's in the box

- Aluminum Chain Curtain x 1
- Aluminum Hanging Track x 1
- Hanging Screw x 2
- Wall Plug x 2
- Spare Chain Lengths x 2

Assembly

1. Measure, mark and drill to the desired position above the door and insert the wall plugs (Fig 1). Please ensure you use the correct fixings if fixing to wood, PVC or concrete or other similar materials.

2. Carefully place the hanging track into position above the door (if the hanging track is too long it can simply be cut to size by a responsible adult) and mark on the wall 5cms in from each side of the hanging track. Remove the hanging track and carefully drill into the marks on the wall, insert the wall plugs. Screw into position the hanging screws (fig. 1) making sure they are secure.
3. Simply hang the track over the hook section of the hanging screws.
4. If the chain links need to be altered at the bottom, simply use a blunt screwdriver to force apart the link section to the desired length. Repeat this process with each chain link.

Chain Screen Technical Specification
